## Lowkey Lyrics

### "McDonald Trump"

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

El pueblo unido jamás será vencido // shut him down

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

يَا مجرم يا فاسد القدس تاج راسك // Shut him down!

700 billion a year to the fossil fuelers

750 billion a year to the rocket launchers

This monster's morbid mob is sordid more than what's reported

While this song's recorded, hope a hundred humans cross the borders

Words of MLK, greatest violence purveyor

See ourselves in the afflicted, the environment decayer

Do it for Puerto Rico and Ibrahim Abu Turaya

He'll get Ahed Tamimi while he's tweeting London's mayor

Harbingers of doom, they let the Trump committee galavant

Passport not accepted, it's a London City travel ban

Dystopian future like Amazon's camper vans

Merely an apprentice to the corporate gangster glamour gang

ExxonMobil are writing this Trump script

The Koch brothers are riding this Trump ship

Wall Street is writing this Trump script

Raytheon and Lockheed riding this Trump ship, shut him down

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

El pueblo unido jamás será vencido // shut him down

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

McDonald Trump, Mc-McDonald Trump

يَا مجرم يا فاسد القدس تاج راسك // Shut him down!

The red face can't contain the rage and hate inside ya

Aching in your pride but take a major nation, make it minor

Engage in nativism, now your state is just a paper tiger

Cover up your face with a solar panel made in China

A weapon of mass distraction in this twisted age of decadence

Government, big business, the relationship incestuous

Hope workers in your businesses unionize and shut you down

A million people march when you try to enter London Town

Do another speech to inspire the next militant

May your nightmares be haunted by vexed immigrants

Mother of all bombs, I hope that every death lives with him

Corporate revolving door from Bannon to Rex Tillerson

ExxonMobil are writing this Trump script  
The Koch brothers are riding this Trump ship  
Wall Street is writing this Trump script  
Raytheon and Lockheed riding this Trump ship, shut him down

McDonald Trump, Mc-McDonald Trump  
McDonald Trump, Mc-McDonald Trump

El pueblo unido jamás será vencido // shut him down  
McDonald Trump, Mc-McDonald Trump  
McDonald Trump, Mc-McDonald Trump

يَا مُجْرِمٍ يَا فَاسِدٍ الْقَدْسٌ تَاجٌ رَّاسِكٌ // Shut him down!

It's a kakistocracy that acts illogically  
Gangsters and bankers kidnap your policies  
Grand hypocrisy, expand the poverty  
This man's philosophy is rampant robbery  
Left Puerto Rico abandoned and on its knees  
Massive horror scenes, no plans for college teams  
Onslaught wants more handguns on the street  
To ban democracy and crash economies  
Fake news in the flesh, great at using the press  
Ruminate on who to hate when you accumulate debt  
The food chain stretched from your goons that invest  
Desecrate the state an unusual death  
Wanna idolize sly guys who would you guess  
Surprised hope they privatize his funeral next  
Lucid effect on who you choose to elect  
When expansion is limitless what future is left  
The system was was fixed for him, sicker than Nixon  
With Clinton, Winston and Kissinger mixed with him  
The missiles are blistering, pistols on kids  
And he spits on the immigrants, isn't it interesting  
Donald Trump and his forked tongue, let 'em all come  
The precedence never been a president that is more dumb  
Slave to the bankers, slave to the gun lobby  
There'll be permanent war, always demonize somebody  
Families broke up, sanity closed shut  
How can it be this man receives a salary to show up  
Private jet nervous, disturb 'em with turbulence  
Merging with mercenaries working to murder us  
They're hurting the Earth and our urges to nurture it  
We're ruled by the worst of the worst of the worst of them  
Hurting the Earth and our urges to nurture it  
Ruled by the worst of the worst of the worst of them

The Republican Party is the most dangerous organisation in human history
